

SWING7

SWING7

**SUPER WIDE &
FEATHER LIGHT**

PERFECT FOR YOUR BILLBOARD

The most **LIGHTWEIGHT** solution in the area of digital printing on laminated fabrics up to 5 meters wide

As implied by its name, Swing 7 is extremely lightweight and wide. It is specifically designed for applications involving the printing of wide or large format signs and banners demanding light weight, high strength and weather resistance. Its light weight makes printing installing, and transport easy.

Features

- Easy printing, installation, and transport thanks to its light weight
- Maximizes ink spread and even dispersion on surfaces
- Guarantees an outstanding resolution
- Compatible with various digital printers
- Suitable for both outdoor and indoor use
- Hot air and HF weldable
- Excellent weather resistance

Swing 7 offers a variety of flexible media solutions for all large format indoor and outdoor advertising. Seamless banners up to five meters (197”) wide can be printed directly with digital printers using solvent, eco-solvent, UV, and water jet inks as well as with screen printing processes.

Weight (oz/yd ²)	Scrim type	Width (inch)	Tensile strength (Cut Stripe)	Tear strength (Trapezoid)	Elongation (%)	Adhesion (lbs/inch)
-	-	-	ASTM D751	ASTM D751	ASTM D751	ASTM D751
7 (238 gsm)	Polyester 500 denier	Up to 197” (5m)	95/75 (lbs/inch)	35/35 (lbs)	20/21	15

Brilliant indoor and outdoor banners made with Swing 7 deliver an outstanding image quality with brilliant colors that stay true. Swing 7 suits a wide range of indoor and outdoor applications, and comes in both glossy and matte finishes for advertising and billboards.
