

# GRAIN COVER

Effective and efficient on-farm storage solutions,  
**TPO** grain cover **INNOGREEN® T**

GTO360

# INNOGREEN®

**INNOGREEN® T** grain cover fabric is a direct coated product specifically designed for grain storage. The current formulation of this TPO grain cover is the result of many years of R&D and in field testing in several countries. Our grain cover protects grains underneath the cover from extensive sun exposure and effectively blocks gases used for fumigating the grain.

## Features

- PVC-free and 100% recyclable
- High-level resistance to UV and discoloration
- Using TPO resins to optimize the weather-resistance
- 60% lighter than regular PVC and easy to handle
- Remarkable chemical-resistance to reduce the damage of fabric done by the use of pesticides

## Options

- Anti-static treatment
- Anti-wicking treatment
- Anti-mildew treatment
- Fire retardant treatment
- UV resistant treatment
