

AWNING

Effective sun and weather protection,
tentionation® RV Awnings in various patterns

ST1009P
One-sided printed

ST1009P
Double-sided printed

tentation

tentation® awning products are designed to combine functional and aesthetic aspects. Our awning fabric is durable and highly resistant to weather and UV. It is also known for vibrant colors and prints. Its surface can be embossed with various patterns; the back of the fabric is smooth while the front side is textured.

Features

- Printing on one side or both sides
- Wide range of colors and patterns
- While the front is embossed with various patterns, the back of the fabric is smooth
- High-level resistance to scratch, abrasion and discoloration

Options

- Acrylic coating
- Anti-static treatment
- Anti-wicking treatment
- Anti-mildew treatment
- Fire retardant treatment
- UV resistant treatment
